

Halloween has long been a serious and solemn occasion in America. No more! Mike Bauman takes Halloween back with this collection of humorous feats of strength. No, not feats of strength. That's the wrong term. Deep buckets of weirdness is better. Halloween Fun for the Criminally Insane includes costume ideas, diary excerpts, poetry, and other pointless feats of strength. Sorry, I don't know why I keep saying that. Learn the proper ingredients for the perfect Tea Party costume. Choose just the right hair dye for that Rod Blagojevich ensemble. Read excerpts from the diary of a Halloween fanatic. Dive into the deep pool of joy that is The Filthiest Part of the Book. Mike Bauman is a writer and comedian living in Hollywood, California. In addition to Halloween Fun for the Criminally Insane, Mike has written several inappropriate greeting cards.
