

A Forgers Progress: The Life of Francis Greenway

A forger and convicted felon, Francis Greenway was transported to Sydney in 1814. Only a decade later, his dreams of a city superior in architectural beauty to London began to be realized as he designed Hyde Park Barracks, St James Church, the Supreme Court, St Lukes Church in Liverpool, and the Windsor courthouse. In this first biography of Greenway since 1953, award-winning author Alasdair McGregor scrutinizes the character and creative output of a man beset by contradictions and demons. He profiles Greenway's landmark buildings, his complex and fraught relationship with Governor Lachlan Macquarie, and his thwarted ambitions and self-destruction.
