

A Little Known Saga of the Lost Dauphin and Yukon Kid

A young escape artist with a crippled leg caroms from one risky undertaking to another until he is run out of town. Alone in Chicago he is hired by a lewd wrestling promoter as a side character -- easy pickings for ring behemoths and the abusive louts who fill the arena. More menaced here than in the tight spots he escaped before he wants to join up with another side character, a raw wonder calling himself Yukon Kid -- but will this Yukon Kid be the trusted friend he seeks or his betrayer?
