

An Argument Against Abolishing Christianity In Plain and Simple English (Translated)

An Argument Against Abolishing Christianity is considered one of the greatest political satires ever written. The essay is as hilarious today as it was hundreds of years ago...if you can understand it! If you have struggled in the past reading the satire, then BookCaps can help you out. We all need refreshers every now and then. Whether you are a student trying to cram for that big final, or someone just trying to understand a book more, BookCaps can help. We are a small, but growing company, and are adding titles every month.
