

## The Sons of the Stuarts (The Chronicles of Wetlund Book 1)

A hilarious comedy which will ensure you never see Scotland in quite the same way again! The Sons of the Stuarts are on the warpath for a regal and independent Scotland. They intend to start their revolution on Wetlund, at the oil terminal there, using its destruction as a lever over the English in order to take Scotland out of the United Kingdom and reinstate the line of Stuart kings - the heir to which just happens to be the Lord Lieutenant and leader of the revolt. And there on Wetlund the Lord Lieutenant and his supporters meet the terminal insanity of Wetlund with chaotic consequences!
