

Victorious: My Story as a Cancer Survivor

In *Victorious*, My story as a cancer survivor, Leslie Rivera Quiroz narrates her experience battling stage-4 Non-Hodgkins lymphoma, five months after the birth of her son, who was born prematurely at 28 weeks of gestational age. The author also narrates her recovery process, describing what she did to heal emotionally and physically. She also shares the miracle story of having a child after being in post-menopause due to the side effects of chemotherapy. The story ends with the birth of her daughter four years after she finished her treatment.
