

Alice Marble was the darling of international tennis and social circles in the 1930s. She was the top-ranked female tennis player in America from 1936-1940, winning five Wimbledon and 12 U.S. Open titles in singles, doubles, and mixed doubles. Her public life was filled with success, but her private life was a different story. Working with writer Dale Leatherman, Marble reveals that she was fatherless at six, raped at 15, and diagnosed with tuberculosis at 19, just as her tennis career was taking off. A genuine “comeback kid,” she overcame obstacles that would have defeated a lesser person. After the biggest personal trauma of her life, she consented to undertake a spy mission for the U.S. Army during WWII. The Hollywood anecdotes will delight classic movie buffs; Marbles hair-raising exploits as a spy will please those who like thrillers; and the highs and lows of this remarkable woman's life will satisfy romantics. A window into the world of international tennis and Hollywood in the 1930s, *Courting Danger* entertains on so many levels that non-tennis fans will enjoy it, too. The book was one of the lead titles published in hardback by St. Martins Press in 1990. The paperback was published in 1991.
