

Ask yourself the following questions. Do any of these apply to you? Do you long for a new Kindle(TM) eReader but you can't find a way to justify it with your spouse or loved one? Do you have a mean streak and would like to fool your family member or (soon to be former) friend into thinking their eReader is broken? Do you like silly little sight gags? If you answered Yes! to one or more of the previous (or heck, even if you didn't) then Cracked Screen is the novelty gag you've been looking for! Four beautifully rendered fake screen break images are included, custom tailored for the B&W eInk screens of older Kindle models. Note: Please don't try to hold us responsible if whoever you try to fool doesn't have much of a sense of humor. We can't account for your taste in friends. Download Cracked Screen now and Laugh-It-Up with your friends... or, stealthily pull off the mastermind con you've been looking for to score one of those great new fancier Kindles.
