

More From A Nurses Life: More drama, love and laughter from a 1950s nurse (Nurse Jane Grant Book 2)

In this sequel to the much-loved A Nurses Life, Jane Grant continues the story of her nursing career in the early 1950s. Jane, Mary and Phyllis, are faced with challenges both on and off the wards. The young nurses must grow up fast as they take on new roles and responsibilities. Romance is in the air, but there is also heartache with the discovery of two unlikely love rivals. Headstrong Jane discovers that sometimes pride comes before a fall. An incident leads her to question whether a nurses life is really for her. More From A Nurses Life is an entertaining and touching account of an earlier time, when societys attitudes and trials were very often different from our own.
