

If you are old enough to even barely remember that sad day In Dallas, this book will click with you. You'll find yourself saying over and over again I'd forgotten all about that! Author Ron Enderland has a knack for recalling obscurities that Boomers experienced while growing up. He has then researched the history behind them, and added a wealth of his own memories to the mix. The result is this delightful collection (volume II) of nostalgia which will put a smile on the face of any kid who grew up in the 50s, 60s, or 70s.
