

Doc Holliday

Doc Holliday: there has never been a man on the old frontier who had his manners, his view of life, his ability to shoot and the courage to face anything without fear. At the famous O.K. Corral Gunfight in Tombstone, Arizona, in 1881, a fight that changed the complexion of the Old West, Doc Holliday exchanged his dental instruments for his guns and law and order, and history was made. This biography recounts the life of Doc Holliday along with the many colorful characters with whom he associated, including Wyatt Earp, Bat Masterson, Big Nose Kate and a host of other household names from Old West lore.
