

Welcome to this amazing collection of 100 fantastic GIANT print sudoku puzzles, Volume 2! This book contains 100 giant print grids, which are all 9 x 9 in size. All you have to do is to place each number from 1 through to 9 exactly once in each of the nine horizontal rows and the nine vertical columns that compose each grid. In addition each 3x3 bold-lined region of 9 cells must contain the numbers from 1 - 9 exactly once. That is all that there is to it! If you are in any doubt as to what a solved puzzle looks like, simply take a moment to turn to the solutions at the back and look at a few of the grids
