

Political Prisoners of the Nebraska Republican Party

I had the good fortune to be illuminated in my thirties, and then my trouble began. Illumination in case you don't know is when God appears in your consciousness, but it does not mean that all the rest of your life is going to be easy, unless you do not notice the evil you see. It gives one the ability to see the errors and evil men are engaged in, and this is how I came to realize that there was a lot of evil in this world. This is my story and the trouble I got into because of my abilities. I ran into trouble with a Union and a cement company. I am sorry to say that I developed a mental illness called bipolar affective disorder, but the abilities I had taught me what causes it. Even in the State mental hospitals and State government I found political corruption. I found that the mentally ill were being deprived of their freedom illegally so as to help a political party; hence my title. I never expected to be taken a political prisoner in America by the Nebraska Republican Party because of my illness.
