

Hoist Up Your Muffintop And Show Me Your New Belt is a tour de flab. Nobody likes long stories. How many times have you fallen asleep on the toilet reading a long form novel? Eight? Wouldn't it be great if there was a book that allowed you to read in short spurts instead of long, tedious, eye-drying read-a-thons? Well now there is! Introducing, Hoist Up Your Muffintop And Show Me Your New Belt. It's a whole new way to read funny (and a bit sordid) stories from the whacked out mind of Terry Ayrault, who is too A.D.D. to write a long story anyway. This collection of anecdotes packs a wallop and tickles not only the funny bone, but the bone next to the funny bone. The one that doesn't burn when you whack it against the coffee table. Read, relax and repeat. And, for more humor, follow @HoistYourMuffin on Twitter.
