

How to become a billionaire by selling nothing

A billionaire stock investor with a dragon-sized ego finds himself in an outrageous pickle when an eccentric entrepreneur approaches him to invest in his company which makes a revolutionary new product NOTHING. While the billionaire dismisses him with 1 lakh rupees to seek psychiatric help, the entrepreneur instead uses the money to start manufacturing NOTHING, assigning him a stake in the company as a sign of gratefulness. Caught in a precarious situation, the billionaire must now debate the validity of the stake he has unintentionally picked up in the company as it becomes more and more valuable each day with everyone from politicians to filmstars to aam aadmis parading the power of Nothing. Things escalate into a circus when another company sues for what they believe is a blatant patent plagiarism of their original idea. Rambunctious, packed with tons of sarcasm, spoofs, and sketches, How to Become a Billionaire by Selling Nothing looks at the inherent madness of human nature and the ridiculous lengths people go to while doing business.
