

This is the authors story of his father, parachuted into Yugoslavia for the British Special Operations Executive in WW2 , an operation which saw him locked up for the rest of the war in a German fortress , and then given the dangerous assignment of running the Rely network for the Secret Intelligence Service in Cold War Hungary. His son and his Russian born wife barely saw Kavan Elliott in those years, or after he decamped to Jamiaca out of range of alimony demands . Geoffrey Elliott has gone deep into the British Yugoslav and Hungarian archives to fill in the many intriguing blanks about the father he hardly knew.
