

In the Name of Love and Other True Cases (Ann Rules Crime Files)

In her latest collection of fascinating case studies, former Seattle policewoman and bestselling author Ann Rule confirms her status as the Queen of True Crime. The title story is a gripping account of the shocking murder of Adrienne Jones by Diane Zamora and David Graham, students at the Naval Academy and the Air Force Academy. This and other cases from her personal files bear the stamp of Ann Rule that makes her books such extraordinary page-turners.
