

Since forming in 2007, JLS have achieved everything theyd hoped for and more. From four smash-hit albums and five number one singles, to BRIT and MOBO awards and sell-out tours, Oritse, Marvin, JB, and Aston have proved themselves as one of Britains biggest boy bands ever. But all good things come to an end, and in this, their last ever official book together, the boys share their favorite memories with the people they love most: their fans. Inside, they reflect on everything theyve experienced in the last six years, as a band and in their own personal lives, while sharing exclusive photos. Find out how they feel about juggling family, finding love with life on the road, and recording in the studio; how special it feels to step out on stage in front of thousands of fans, and why choosing to part from the best friends they could have ever found was the hardest decision of all. The highs, the lows, the good times and bad, this is JLS like youve never seen them before. Older, wiser, and hotter than ever, this is their final farewell and a treasured keepsake for years to come.
