

Rock and the Pop Narcotic: Testament for the Electric Church, Vol. 1

This is a collectors item for rock music enthusiasts. Author Joe Carducci, record producer and former A&R executive, seeks to distinguish rock music from pop music. He regards rock as an artistic form and pop music as, if anything, a marketing concept. In 1994, Carducci revised the 1st edition and it was republished by Henry Rollins 2.13.61 press. During the rest of the 1990s the book gradually acquired cult status.
