

Learning to Cry will have you traipsing through the bush of South Africa, living the opulent Orange County, California lifestyle and enjoying a pint in middle class England. The sudden loss of her father in the middle of Africa creates a stirring in the author to discover who she is, where shes from and where she really belongs. The journey across three continents uncovers secrets, lessons about family and, finally, unconditional love and acceptance. The journey, both devastating and empowering, provides her with the courage to make life altering decisions in search of true happiness.
