

Martini and More . . .

A collection of short stories, *Martini and More* is filled with thought-provoking tidbits that allow you to judge as you will, or simply enjoy and accept as someone else's reality. Go with Michael as he is drawn to the power of Jiggers' femininity, and feel his conflict of emotions in *Martini*. Have a subtle look at ethics through the conflicts of a father as his daughter reacquaints him with simple values in *Keys Please*. Or does she? Feel the pangs of emotion embodied in a man torn and restored in *Cashews*, and live the fantasy we've all had in *Hit Me*. These fictional reflections and more comprise a collection of short stories spanning humor and contemporary realities. Simple yet complex, these stories speak to life today in a poignant, heartfelt way. Florida Writers Association's 2010 top-ten winner *Martini* is the provocative centerpiece of this collection. The stories draw the readers' involvement in could-be, real life experiences, embellished through the satire of fictional humor, self-examination, and triumph in odd ways. Enjoy a look at life as we live it and don't always know it.
