

The lighted clock tower of Union Station, the marquee of the Bijou Theater, and the spacious lobby of the Penobscot Exchange Hotel are memorable images from Bangors past. Settled in 1769, Bangor boomed as the lumbering capital of the world in the nineteenth century and as a retail hub in the twentieth century. For one hundred years, picture postcards have showcased West Broadways mansions and the steamboat and railroad terminals along the Penobscot riverfront. Bangor in Vintage Postcards includes images from the citys past, ranging from a World War I victory parade to the 1923 flood.
