

Mindys Musings

Everyone has a story. Its true. Some are sad stories of hardship and tragedy , while others are full of laughter and joy. Ive been transfixed by tales of travel to the farthest reaches of the globe, or daring adventures of skydiving, bunji jumps and scuba diving (nothing, by the way I would EVER try-these people are nuts. Who jumps out of a perfectly good airplane?)Mammoth acts kindness and courage renew my faith in mankind, and Ive been bored senseless by a neighbor who has chosen me as the sounding board for their inane anecdotes.So you see- good, bad or boring-everyone has a story.Mindys musings is a collection of my real life experiences stemming from every day encounters with family, friends and colleagues. These seemingly mundane events are anything but boring!Youll meet Mom, a leading competitor and favorite to take the gold in the Jewish Mother Olympics. Her best friends, Food and Worry, make frequent appearances, as do a host of characters who will make you scratch your head, laugh or really feel good about your own situation.As you thumb through the pages of my escapades through the extraordinarily ordinary, youll learn how I to use humor to combat fear, anxiety and a myriad of other challenges. Lessons of how to handle Moms false arrest at TJ MAXX and coping with party disasters will be bestowed upon you. Finally, this digest of the daily dilemmas that result from both voluntary and involuntary human interaction is chalk full of priceless nuggets that are sure to remind you of someone you know- maybe even yourself!
