THE UNELECTED PRESIDENT  
MINI-AUTOBIOGRAPHY of Harvey  
Carroll, Jr. Im a former U.S. Army  
Military Policeman/Investigator, whom had  
seen shocking drug related deaths, and  
investigators bloody shot-out brains laying  
on the car seats, but that is nothing  
compared to the World of Politics that I got  
involved in... I now hold a Bachelors of  
Business Administration Degree  
specializing in Real Estate and Finance,  
and three partial Masters in Business,  
Public Administration as well as  
Diplomacy and International Commerce...

Ive been considered the most influential  
international political figure in  
Kentucky-US, and some would say that  
perhaps in the World at one time. I have  
dealt with Governors, Senators, Presidents  
and Foreign Heads of State; and in the  
process I have saved millions of lives, and  
affected the economic fate of nations... Yet,  
I have made mistakes, and even cost lives  
and often ponder if the End Justified the  
Means. It had always been quite easy for  
me to deal with complex U.S. National and  
International Policy. From a young age I  
dealt with local, state, national and  
international policy that includes Latin  
America i.e. Panama, Middle East (Iraq,  
Libya, Syria, Israel, Iran), Africa, and even  
coming to the AID after the collapse of the  
Soviet Union to protect U.S. and Global  
Security by suggesting buying out the  
nuclear weapons to prevent them from  
ending up on the Black Market for  
Terrorism, as well as preventing the former  
fifteen Soviet States against each other. I  
also suggested financial bailouts, and  
another financial AID via the IFC/World  
Bank for Ukraine that saved seventy-five  
banks a few years ago (a similar plan  
presented to the U.S. House and Senate  
Financial Services Committee Frank and  
Dodd to bailout the American Economy to  
assist 2/3rds of the American States and  
Top Banks from Collapse. More recently,

I have shared suggestions to have the OSCE get between the separatist and the Ukrainian Army to the Ukrainian Presidents people tasked to negotiate the Minsk Agreements that may have prevented Ukraine from turning into another Syria... In the process I have noticed that Russian President Putin sent Troops Little Green Men into Crimea much like my suggestions for the Panama Invasion,. which youre about to read...
