

10 Steps to Mobile Marketing Success (Internet Marketing)

No business can afford to be without a mobile marketing strategy in today's competitive world. The advent of cellular phone technology has made it possible for marketing to reach a whole new dimension never before conceived. Traditional forms of reaching customers are all but obsolete. People record TV programs and fast forward through the commercials. People listen to Internet and satellite radio sans commercials. Few people read newspapers and magazines anymore in favor of online information. Advertisers using traditional media are having a difficult time reaching their audience and wasting their money using the old approaches. Whether you are a brick and mortar business owner with a physical location or an online marketer with a virtual store, you owe it to yourself to put in place a mobile marketing plan to capture your share of business and to be able to compete successfully. 10 Steps to Mobile Marketing Success is a concise, no non-sense presentation of the virtues of mobile marketing. It will show you why you need mobile marketing, and it will give you all the tools you need and show you how to use them effectively. By the end of the book, you will have a practical game plan that will lead to your online marketing success using mobile technology. With the tools and techniques offered in this manual, you will be equipped to take on the competition, attract new customers and keep them happy with irresistible enticements such as sales, specials, coupons, contests, surveys, games and more. You will have a whole arsenal of tools to engage your customers and maintain their loyalty. If you are at all serious about your existing business or you are starting a new business, you need this book.
