Modern Romance: by Aziz Ansari and Eric Klinenberg Key Takeaways, Analysis & Review Preview: Modern Romance is a nonfiction book by the comedian Aziz Ansari and New York University sociologist Eric Klinenberg. For years, Ansari has been doing comedy on the absurdities of dating, recounting both tales from his own life and other peoples. Eventually, the strangeness of modern dating was just too much to handle. He never understood why that girl did not respond to his perfectly crafted text message. He saw the bubbles indicating a response and then, nothing. It made him question his behavior and whether technology has changed the way people date. He decided to take things to the next level, and study modern romance through focus groups and rigorous social science. The result combines humor and true insight into this mixed-up world where a person can swipe right to begin a romance and end a relationship via text message PLEASE NOTE: This is Key Takeaways, Analysis & Review of the book and NOT the original book.
