

Dinner Party For Eight (Steves LOL!)

Got two hours and want to have some fun?

Dinner Party For Eight scythes a side splitting swathe through a British Upper Class dinner party in Hall House, a newly built mansion on top of a cliff somewhere in Cornwall, England. Theres Norma Pengrove-Jones, the hostess, who is desperate to climb the social ladder. Theres Harry her husband, a successful property developer from Australia, who is a rough diamond. Theres Edith Douglas-Smith who is an expert on the British class system and who has taken the powers of haughtiness to a completely new level. Theres Samantha Brickley, an occasional vampire actress, with not much upstairs other than a well endowed bosom. Theres Professor John Adcock, an erudite Professor of Physics and his sweet wife Jo-Ann. Theres Major Peter Forsyth, of the Queens Lancers, a veteran of Iraq and Afghanistan, with a penchant for Drilling. Theres Tom Eagle, an expert on Wines, and known as the Eagle. And in the kitchen, theres Master Chef Mario Fabiano, and his beautiful assistant Angela. And lurking in the background are the hostesss street wise super smart brat son Winston and his pimple squeezing sidekick accomplice Alan who have their own agenda for the dinner party. Dinner Party For Eight races along at the pace of a laugh-a minute as it delves into the many idiocies of human social mores. Enjoy!
