

Onwards Wayward Boatmen: Chapter 4, Pop & The Missing World of Left (I Cant Make This Shit Up!)

Enough of Jeffe playing with death. How about Pop, who came through for him during cancer? Hes had a stroke and hes cantankerous and strong-willed (what comes around...) What about his death-bed promise to mom, agonizing with her own cancer, to care for Pop no matter what? How the hell does one contemplate putting his own daddy out of his misery? How hard can you laugh and cry at the same time?
