

Doctor Carl Ferdinand Wilhelm Walther (Classic Reprint)

Excerpt from Doctor Carl Ferdinand Wilhelm Walther This little book can hardly be called a biography. It is but an attempt to say in English what has been said so much better in German by Guenther, Koestering, Hochstetter and Graebner. Whatever merit it may possess belongs to them rather than to its author. The desire to make Walther known to English readers is both the apology for and the justification of its having been written. May it inspire the prompt publication of a real biography of the most commanding figure in the Lutheran Church of America during the nineteenth century.
