

Paul McCartney Exposed: From Beatlemania to Buckingham Palace and Beyond

Why Choose This Book? It was decades since the Beatles ruled the land of music. With John Lennon and George Harrisons deaths, the only remaining ex-Beatles were Ringo Starr and Paul McCartney. But it was Paul who carried the torch long after he left the band and struck it on his own. This book will show you how a boy from Liverpool persevered despite the odds and enjoyed success by being a member of the Beatles and how he became successful as a solo artist. Whats Inside? Discover how Paul McCartney made it big on his own after enjoying success with the Beatles, including: How his mothers death prompted him to grow up quickly The person who introduced Paul to John Lennon and the Quarrymen The very first song he ever wrote The Beatles experiences on music, drugs and women in Hamburg The events that led to the breakup of the Beatles, and more! Table of Contents Chapter 1 - An Ordinary Childhood Chapter 2 - The Music Chapter 3 - The Quarrymen Chapter 4 - The Friendship Chapter 5 - Ups and Downs Chapter 6 - Conquering Hamburg Chapter 7 - The Beatles Prime Years Chapter 8 - Goodbye Beatles . . . Chapter 9 - . . . Hello Paul Chapter 10 - Women and Drugs Why Buy Now? The Beatles are a legend, and so was the cute Beatle, Paul McCartney, who had gone to establish a solo career after he left the band. Each Beatle had been successful in their own career, but it was Paul who remains the only Beatle to this day who had far eclipsed his former band mates. Discover how Paul made it, successfully, on his own, from this informative book.
