

From GED to Doctorate Degree: My Lifes Journey: My Lifes Journey

The purpose of this book is to get candid with you about some of the experiences, both negative and positive, I endured in my life. This book's intent is to minister to those of you that are hurting from your past, to encourage you, to empower you, and to let you know that you are not alone. We all have made choices in our lives that have ended with bad consequences. These choices make us feel that we are not worth anything or that we are not important. They make our self-esteem nonexistent. If that is what you are feeling then I want you to know that God is an awesome God and that He can turn a bad situation into something good. This book will prove that very thing to you. Let this book minister to you and assist you with your transition to becoming all that God intended for you to be. Let the experiences in your life be a blessing to others as I pray my experiences will be to you.
