

To All Dutch Citizens The Chief of the Amsterdam Police said that I should be “made a Freeman of Amsterdam” after I risked my life rescuing a Dutch police women hostage from an armed criminal who the German police said was a very dangerous man who would have probably killed her but the Foreign Police would not give me residence! It seems as though because I was a well known proselytizer for vegetarianism and a strong and fit icon I was thought to be a Nazi by the local police. I lived in the Derde Helmersstraat for 7 years and wanted to become naturalized Dutch. Instead what do I get for my reward? I Michael J Freeman accuse local police and criminals of conspiring to illegally deport me back to England where they knew that I would be imprisoned without a trial- not having been convicted of any crime and in the event I served three and a half years. Instead I was accused and convicted of “fighting in the street with knives” after being arrested by local police and sentenced to five months imprisonment in my absence because I was in the English Prison Wormwood Scrubs and knew nothing about the hearing or court appearance . There were lots of witnesses after a man into whom I had accidentally run into in the Overtoom attacked me with paving stones in a vicious attack. I am a martial artist and made a fool of him by jumping over the heavy objects that he was taking from some road works and throwing at me for 3 or 4 minutes. In the end I decided to scare him and I drew a knife. Just as I brandished it the local police arrived confiscated my knife and took me to the police station near the Leidesplein where I was escorted to the cells by baseball bat carrying cops who had been informed that I was a dangerous psychopath I spent the night before be released in the morning without any written charges. Read Freeman in Amsterdam to reward me...I was proud to be a 55 year Dutch hero and am now 75 and write every day. Michel J Freeman
