

Will Work for Smiles

Celebrated content creator Roman Atwood tells his rags-to-riches story in a memoir overflowing with his irresistible comedic style, genuine warmth, and reflections on jumpstarting his career as an entertainer and prankster, perfect for fans of the good-natured antics of Jimmy Kimmel. It wasn't always easy growing up with a passion to make videos in Millersport, Ohio. Viewed as a slacker and a directionless student in high school, Roman Atwood was told early in life that he would never escape poverty or his hometown. Barely graduated, newly married, and expecting his first child, he still believed what he'd been told about his fate eventually reaching an all-time low as he struggled to provide for his family by working in his father's rope-making factory. Facing an uncertain future, he turned to the one thing that made him happy: filming legendary pranks and creating hilarious videos. Nearly seven years later, Roman is one of YouTube's top-ranking and most celebrated influencers with millions of subscribers and billions of views across his two channels. A true rags-to-riches tale, now it's Roman's turn to tell his story as he takes us on his journey from factory worker to global sensation. A relatable and honest tale of being unafraid to embrace your best self, accept positivity, and do what makes you happy, Roman's memoir is a truly inspirational and uplifting life story guaranteed to make you smile.
