

The year was 1973. A fourteen-year-old girl hitchhiked across the country to the Pacific Coast, then back to the Atlantic Ocean. Her mother died when she was only eleven years old and never knowing a father, there had to be a way of validating her very existence and to discover why she was on this planet. The answers were all around her; however, she would not be able to recognize them until years later. Meeting with many life-threatening situations, it's a thousand wonders she is still alive to tell her story. Run BabyGirl Run is written with gutwrenching honesty and allows the reader to see into the very depths of this beautiful young girl's soul. Editor: Jackie Hurst www.johnniesuebridges.com
