

Ruskie: Beers, Bears & Babushkas

Ruskie: Beers, Bears & Babushkas Ruskie: Beers, Bears & Babushkas shows a picture of Russia, Russian Business and the Russian People as they really are. Admittedly, they don't all drink copious amounts of Vodka but some of them do. Not all Russian women threaten to cut off their fingers as proof of their love for someone, then again some of them do. In general, Businessmen in Moscow don't go around shooting their competitors in order to make sure their business succeeds, but, you guessed it, once again some of them still do! Matthew Francis, a young Englishman, arrives to set up a Western Style consulting practice in Moscow and gives a hilarious account of the pleasures and perils of being a Brit in Russia. Faster than a Russian woman chasing a designer handbag, scarier than being threatened by the Moscow Mafia, and sexier than watching Maria Sharapova play tennis in her underwear. Or maybe not! One thing for sure, this is a story of the Real Russia, the Russia you definitely don't read about in the newspapers!
