

Two Truths and a Tall Tale: A True or False Trivia Challenge for the Whole Family

Which Two Facts Are True? Its Up to You! Looking for something to get your family unplugged from their devices and engaged in some lively discussion? Indulge their love of trivia and fun facts with this unique game book of fact versus fiction. Spend hours straining your brain as you determine which of three statements is nothing but a tall tale: You can polish copper with ketchup. The man who invented the bulletproof vest never shot a gun. A group of owls is called a parliament. Only two of these statements are true. Its up to you and your family and friends to figure out which ones. Read all three out loud and then use your collective smarts to figure out which one is false. Warning you might discover that truth really is stranger than fiction. The bulletproof vest was actually invented by a woman. Gotcha!
