

Scotts Last Expedition - The Personal Journals Of Captain R. F. Scott, C.V.O., R.N., On His Journey To The South Pole

Originally published in 1913, this early work is a fascinating and detailed look at Sir Robert Falcon Scott's journey to the South Pole. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.
