

Scripting Destiny

Scripting Destiny is not a biography. It is a story of a simple mans success and the success of his enterprise. His life lessons are extremely motivating and should inspire many young people. It talks of a person whose life and circumstances only bolstered him to reach out and achieve success. What emerged was a key lesson of Dr Sanchetis life that it is not only through academics but also untiring hard work, determination and honesty, that one can script ones own destiny. This is a book that does not prescribe nor is it moralistic but it inspires and builds confidence in every reader cutting across age-groups. Generations unborn will think of Dr. Sancheti as an orthopaedic surgeon who worked in the presence of God. He is a friend alike of the wealthy and of the friendless, forsaken and forlorn. His name will remain as one who gave hope to the hopeless and health to the sick and suffering ones. As a pilgrim he moves on, attending to his daily duties, giving relief to his patients.- Dada J. P. Vaswani, Spiritual Head, The Sadhu Vaswani Mission India is privileged to produce one of the finest orthopaedic surgeons of the world in Dr. K. H. Sancheti. He is not just a world class surgeon but also a passionate innovator who continuously pushes horizons to serve mankind. His life is a blue print that any individual can emulate.- Dr. R. A. Mashelkar, Former Director General, CSIR and President, Global Research Alliance Dr. K. H. Sancheti has remained a learner throughout and willingly shares his knowledge and experience with a large body of students and professionals. He has remained modest and humble in spite of the recognition he has received.- B. G. Deshmukh, Former Cabinet Secretary, Govt. of India Dr. K. H. Sancheti is both a visionary and a doer, a man ahead of his time and a man in a hurry, because there is so much to do. Scripting Destiny tells this and much more.- Rahul Bajaj, Leading

industrialist, Chairman & MD Bajaj Group Kanti exemplifies and believes in working long hours, is extremely committed to the profession and these qualities have brought extraordinary success to his family, Sancheti Institute, and himself. This book shows how he has overcome the most difficult obstacles because of his unwavering commitment to succeed.- Dr. Chitranjan S. Ranawat, (Renowned Orthopaedic Surgeon based in New York)
