

Sherlock Holmes and the Hilldrop Crescent Mystery

The year is 1911 and Sherlock Holmes has long since retired from solving mysteries. However, it seems the great detective cannot resist the lure of the game for very long. When the Crippen murder case, in which Harvey Crippen is believed to have murdered his wife, Belle Elmore, comes to a brutal end with the hanging of Crippen, Holmes returns to London. He believes there is more to the story than the papers and the jury found and is determined to get to the bottom of the matter. The plot thickens as the duo, joined by the also retired Detective Inspector Lestrade, join forces to uncover what really happened in house 39 Hilldrop Crescent. As Watson uncovers more and more clues that corroborate Holmes belief that Crippen was innocent, Holmes takes it upon himself to investigate the happenings of the local homeless community, where people have been disappearing for months. Though seemingly unrelated, the two intertwine in a shocking turn of events. From ghosts and cannibals to faked deaths and homeless alcoholics, Sherlock Holmes and the Hilldrop Crescent Mystery carries on the pounding crescendo until the very end. Sherlock Holmes and the Hilldrop Crescent Mystery is a gripping thriller by Val Andrews. Val Andrews (15 February 1926 12 December 2006) was a music hall artist, ventriloquist and writer.
