

The Rooster in the Drive Thru: Tales from Life in the Rural Midwest

Once upon a time, a young family left their comfortable lives in the suburbs for a questionable future on a small farm nestled in the hills of Northwest Illinois. Their quest for country happiness led them on adventures with rebellious roosters, stubborn tractors, buildings intent on self destruction, mutinous vegetables, and one very devious well pit. Travel with them through the unexpected twists and turns of their rural lives at the edge of civilization.
