

Online Dating Gets Ugly: The Mostly True Stories of a Guy Who Barely Survived Dating on the World Wide Web

Do you like watching or reading about people making fools out of themselves? If there was a car wreck on the road, would you slow down to watch? If you are the type of person who enjoys a good laugh at the expense of someone else, then this is the book for you. I decided to see what it would be like to have no standards when meeting women off the internet. I met many and had some great times and some horrible times. I met some real interesting women and some real nasty women. I had many new experiences and lots of the same experiences. I cherry picked a few of my experiences and put them into this book. These are some of my worst experiences. You will laugh, you will empathize for me and you will probably wonder how I could have possibly done some of the things I did. I made mistakes, lots and lots of mistakes. I learned many lessons and grew as a person. Read about those mistakes and have a good laugh at my expense. Who knows, you might learn a lesson or two in the process.
